

The **Georgia Society of Clinical Oncology** cordially invites you to attend a CME/CE-certified, ABIM MOC-eligible live webinar entitled, **Risk Adapted Treatment of Myelofibrosis: A Focus on Quality-of-Life**, held live online! This activity will provide hematologists and oncologists with important information on the role of risk stratification in guiding treatment selection, efficacy and safety data for current and emerging myelofibrosis therapies, and strategies for integrating these agents into clinical practice in a way that prolongs survival, minimizes adverse events, and improves patient quality-of-life.

Date: Thursday, September 22, 2022

Time: 5:30 PM – 6:30 PM ET

Location: Live Online!

Chemical Biology and Molecular Medicine Program
H. Lee Moffitt Cancer Center and Research Institute
Tampa, FL

PHYSICIAN ACCREDITATION STATEMENT – This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Potomac Center for Medical Education and Rockpointe. The Potomac Center for Medical Education is accredited by the ACCME to provide continuing medical education for physicians.

PHYSICIAN CREDIT DESIGNATION STATEMENT – The Potomac Center for Medical Education designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC RECOGNITION STATEMENT – Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 1.0 Medical Knowledge MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

FEE AND RECEIVING CME CREDIT/MOC POINTS – There is no fee for this activity. To receive credit, participants must register, view the live CME/MOC activity in its entirety, and then complete the post-test, with a score of 70% or better, and evaluation. The estimated time for completion of this activity is 1 hour. To receive a certificate, participants must demonstrate mastery of the presented material via the post-test. Participant is allowed to take the post-test multiple times.

Disclosures will be made known to participants before the activity.

Jointly provided by the Potomac Center for Medical Education and Rockpointe

This program is supported by an educational grant from Bristol Myers Squibb.
