General Information

COURSE DESCRIPTION

This symposium will have expert review of the latest procedures, technology and medical treatments for GI cancer patients. National guidelines will be reviewed. Emphasis will be on multi-disciplinary care, novel new drugs that have been recently FDA-approved, and upcoming clinical trials.

This symposium is for physicians, nurse practitioners, physician assistants, and oncology nurses who care for cancer patients. At the conclusion of this activity, participants will be able to recognize the different treatment modalities available for their patients with GI cancers and formulate a tailored treatment plan.

TARGET AUDIENCE

This activity is intended for Physicians, Nurse Practitioners, Oncology Nurses, Physician Assistants, Residence and Fellows. Trainees, at all levels, are highly encouraged to attend.

Specialties: Family Medicine, Internal Medicine, Pathology, Oncology, Radiology, Surgery, and Radiation Oncology/ Interventional Radiology.

LEARNING OBJECTIVES

Upon completion of this education activity, learners should be able to:

- Recognize the multi-disciplinary approach (interventional radiology, surgery, radiation oncology, and medical oncology) to treating GI cancers.
- Identify and use the new oncologic drugs for GI cancers and know the ongoing clinical trials.

CONTINUING EDUCATION CREDIT

The Emory University School of Medicine designates this live activity for a maximum of 5.00 AMA PRA Category 1 Credit(s)[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity. The Emory University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 5.00 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. Participants will earn MOC points equivalent to the amount of CME credits claimed for the activity. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

Emory Nursing Professional Development Center (ENPDC) is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. Attendees to this activity will be awarded contact hours by ENPDC upon completion of the activity evaluation and by participating in 90% of the activity time. No conflict of interest has been found with the presenter(s) for this activity nor with the members of the planning committee.
